Contract Types

Definition:

Contract Types define the 'Interval', the 'Initial Term' and the 'Renewal Term' associated with a Contract. **Contract Types** can be associated with **Products**, **Services** and **Charges**.

Procedure to follow when creating **Contract Types**:

- On the 'Contract Types' page, click on the 'Add Contract Type' link.
- Fill out the 'Interval' period (days/months/years, etc.), and the 'Initial' & 'Renewal' Terms (number of Interval periods)
- Click the [Save] button

Once created, a **Contract Type** can be associated with various **Offers**, **Services**, **Products** and **Charges** as you deem appropriate, from within the Information Pages for each of these objects.
