**Status:** All features shown on this page should be working, but the API is still in active development, and may change at any time. Subscribe to [the mediawiki-api-announce mailing list](#) for notice of updates.

**Erroneous requests:** When erroneous requests are sent to the API, an HTTP header will be sent with the key "http://wiki.smartbilling.caMediaWiki-API-Error"http://wiki.smartbilling.ca and then both the value of the header and the error code sent back will be set to the same value. For more information see [API: Errors and warnings](#).
