Welcome to the SmartBilling Documentation home-page.

SmartBilling is a full-featured billing, CRM, Opportunity Management and Accounts Receivable platform designed for all types of usage and subscription billing.

Let's get you started with one of the following topics:

[SmartBilling 5.0 pages](#)

[New Wiki SmartBilling \(under construction\)](#)

[Planning a SmartBilling Installation](#)

[Login to the User Interface](#)

[Configuration and Setup](#)

Creating your Categories, Products, Services, Contracts and Charge Items.

Creating a new Customer

Creating a new Agent

Creating a new Supplier

Billing

If you have a specific question, please consult our [FAQ page](#) or simply enter your query in the search box at the top-right-hand corner of the window.

Your comments and suggestions are most welcome. Please [contact us](#) if you would like to become a contributor to this documentation site.
